Peterson, Lynn

<i>What are the benefits of a post-secondary institution in your municipality?</i>	<i>What are the key challenges of being the host community of a post-secondary institution?</i>	<i>How do you plan to address these challenges?</i>
The post secondary institutions in this community are extraordinary. Both impact the economy of the community in a significant way as well as providing outstanding educational opportunities. Lakehead University and Confederation College both see themselves as partners in the community which is a benefit to us all.	We do not experience major challenges with our University or College. Normally we work together on community capacity building or assist each other with major strategic plans	If there are challenges we would certainly find a way to address any issue.
